

## Crane Aerospace and Electronics - Notice to Suppliers

**Subject:** Prohibition of Russian Sourced Content in Products

**Date:** April 15<sup>th</sup>, 2024

Dear Valued Supplier,

We hope this message finds you well. As a valued supplier to Crane Aerospace and Electronics, we would like to bring to your attention an important matter regarding the sourcing of materials for the products supplied to our company.

In light of recent geopolitical events and in adherence to relevant United States, United Kingdom and European Union regulations, Crane Aerospace and Electronics is hereby implementing a policy prohibiting the use of Russian sourced content in any products purchased by our company. This decision aligns with our commitment to upholding international norms and ensuring compliance with applicable laws and regulations.

It is imperative that all materials and components used in the production of goods supplied to Crane Aerospace and Electronics are sourced from permissible origins. Therefore, we kindly request your cooperation in ensuring strict adherence to this policy.

Please be advised that failure to comply with this directive may result in the termination of our business relationship. We value the partnership we have established with your company and trust that you will take the necessary steps to align with our requirements.

For your reference, relevant US regulations pertaining to this matter include but are not limited to Executive Orders, Department of Commerce Export Administration Regulations (EAR), Department of State International Traffic in Arms Regulations (ITAR) and the Office of Foreign Assets Control (OFAC).

Should you have any questions or require clarification regarding this notice, please do not hesitate to contact me. Thank you for your attention to this matter. We appreciate your continued partnership and cooperation.
