DFARS 252.225-7001, BUY AMERICAN ACT--BALANCE OF PAYMENTS PROGRAM APPLIES.

Markings Paragraph
For all shipments of packaged materiel to the government, which includes either Depot (DLA-Direct) or DVD (Customer-Direct) shipments, both DoD linear and two-dimensional (2D) bar code markings are required on Military Shipping Labels in accordance with MIL-STD-129, Revision P, dated December 15, 2002 (but see DLAD 52.211-9010(D) for exceptions to the requirement for MSL and 2D symbols). See the DLA packaging web site identified in DLAD 52.211-9010(E) for change notices to MIL-STD-129P that apply. 2D bar coding shall be in accordance with ISO/IEC 15438, ISO/IEC 15434 (ANSI MH10.8.3) and DoD 4500.9-R. MSL linear (code 3 of 9 or code 39) bar coding shall be in accordance with ISO/IEC 16388. Shipping label stock quality shall meet MIL-PRF-61002. Bar code print quality shall meet ANSI MH10.8-2000 or ANSI X3.182-1990 (R2000) for applicable 2D and/or linear bar codes. All DVD shipments shall meet additional linear bar coding requirements in DLAD 52.211-9010(C). Except for the Transportation Control Number (TCN), which must always be present on the Military Shipping Label, when the contract/order omits any other data elements as defined in MIL-STD-129P and if the information is not available from the Administrative Contracting Office, then the field is not required as part of the Military Shipping Label and may be left blank. If there are inconsistencies between the schedule and MIL-STD-129P, the schedule takes precedence.
