SECTION D

D11B03 252.211-7006 PASSIVE RADIO FREQUENCY
IDENTIFICATION (SEP 2011) DFARS

(a) Definitions. As used in this clause-
'Advance shipment notice' means an electronic notification used to list the contents of a shipment of goods as well as additional information relating to the shipment, such as passive radio frequency identification (RFID) or item unique identification (IUID) information, order information, product description, physical characteristics, type of packaging, marking, carrier information, and configuration of goods within the transportation equipment.

'Bulk commodities' means the following commodities, when shipped in rail tank cars, tanker trucks, trailers, other bulk wheeled conveyances, or pipelines:

- (1) Sand.
- (2) Gravel.
- (3) Bulk liquids (water, chemicals, or petroleum products).
- (4) Ready-mix concrete or similar construction materials.
- (5) Coal or combustibles such as firewood.
- (6) Agricultural products such as seeds, grains, or animal feed.

'Case' means either a MIL-STD-129 defined exterior container within a palletized unit load or a MIL-STD-129 defined individual shipping container.

'Electronic Product Code: (EPC)' means an identification scheme for universally identifying physical objects via RFID tags and other means. The standardized EPC data consists of an EPC (or EPC identifier) that uniquely identifies an individual object, as well as an optional filter value when judged to be necessary to enable effective and efficient reading of the EPC tags. In addition to this standardized data, certain classes of EPC tags will allow user-defined data. The EPC tag data standards will define the length and position of this data, without defining its content.

'EPCglobal:' means a subscriber-driven organization comprised of industry leaders and organizations focused on creating global standards for the adoption of passive RFID technology.

'Exterior container' means a MIL-STD-129 defined container, bundle, or assembly that is sufficient by reason of material, design, and construction to protect unit packs and intermediate containers and their contents during shipment and storage. It can be a unit pack or a container with a combination of unit packs or intermediate containers. An exterior container may or may not be used as a shipping container.

'Palletized unit load' means a MIL-STD-129 defined quantity of items, packed or unpacked, arranged on a pallet in a specified manner and secured, strapped, or fastened on the pallet so that the whole palletized load is handled as a single unit. A palletized or skidded load is not considered to be a shipping container. A loaded 463L System pallet is not considered to be a palletized unit load. Refer to the Defense Transportation Regulation, DoD 4500.9-R, Part II, Chapter 203, for marking of 463L System pallets.

'Passive RFID tag' means a tag that reflects energy from the reader/interrogator or that receives and temporarily stores a small amount of energy from the reader/interrogator signal in order to generate the tag response.

The only acceptable tags are EPC Class 1 passive RFID tags that meet the EPCglobal Class 1 Generation 2 standard.

'Radio frequency identification (RFID)' means an automatic identification and data capture technology comprising one or more reader/interrogators and one or more radio frequency transponders in which data transfer is achieved by means of suitably modulated inductive or radiating electromagnetic carriers.

'Shipping container' means a MIL-STD-129 defined exterior container that meets carrier regulations and is of sufficient strength, by reason of material, design, and construction, to be shipped safely without further packing (e.g., wooden boxes or crates, fiber and metal drums, and corrugated and solid fiberboard boxes).

(b)(1) Except as provided in paragraph (b)(2) of this clause, the Contractor shall affix passive RFID tags, at the case- and palletized-unit-load packaging levels, for shipments of items that-

(i) Are in any of the following classes of supply, as defined in DoD 4140.1-R, DoD Supply Chain Materiel Management Regulation, APL1.1.11:

- (A) Subclass of Class I - Packaged operational rations.
- (B) Class II - Clothing, individual equipment, tentage, organizational tool kits, hand tools, and administrative and housekeeping supplies and equipment.
- (C) Class III - Packaged petroleum, lubricants, oils, preservatives, chemicals, and additives.
- (D) Class IV - Construction and barrier materials.
- (E) Class VI - Personal demand items (non-military sales items).

(F) Subclass of Class VIII - Medical materials (excluding pharmaceuticals, biologicals, and reagents - suppliers should limit the mixing of excluded and non-excluded materials).

(G) Class IX - Repair parts and components including kits, assemblies and subassemblies, repairable and consumable items required for maintenance support of all equipment, excluding medical-peculiar repair parts; and

(ii) Are being shipped to one of the locations listed at <http://www.acq.osd.mil/log/rfid/> or to -

(B) The following location(s) deemed necessary by the requiring activity:

Contract Line, Subline, or Exhibit Line	Location Name	City	State	DoDACC
Item Number				

(2) The following are excluded from the requirements of paragraph (b)(1) of this clause:

(i) Shipments of bulk commodities.

(ii) Shipments to locations other than Defense Distribution Depots when the contract includes the clause at FAR 52.213-1, Fast Payment Procedures.

(c) The Contractor shall-

(1) Ensure that the data encoded on each passive RFID tag are globally unique (i.e., the tag ID is never repeated across two or more RFID tags and conforms to the requirements in paragraph (d) of this clause;

(2) Use passive tags that are readable; and

(3) Ensure that the passive tag is affixed at the appropriate location on the specific level of packaging, in accordance with MIL-STD-129 (Section 4.9.2) tag placement specifications.

(d) Data syntax and standards. The Contractor shall encode an approved RFID tag using the instructions provided in the EPC: Tag Data Standards in effect at the time of contract award. The EPC: Tag Data Standards are available at <http://www.epcglobalinc.org/standards/>.

(1) If the Contractor is an EPCglobal: subscriber and possesses a unique EPC: company prefix, the Contractor may use any of the identifiers and encoding instructions described in the most recent EPC: Tag Data Standards document to encode tags.

(2) If the Contractor chooses to employ the DoD identifier Type, the Contractor shall use its previously assigned Commercial and Government Entity (CAGE) Code and shall encode the tags in accordance with the tag identity type details located at http://www.acq.osd.mil/log/rfid/tag_data.htm. If the Contractor uses a third party packaging house to encode its tags, the CAGE code of the third-party packaging house is acceptable.

(3) Regardless of the selected encoding scheme, the Contractor with which the Department holds the contract is responsible for ensuring that the tag ID encoded on each passive RFID tag is globally unique, per the requirements in paragraph (c)(1).

(e) Advance shipment notice. The Contractor shall use Wide Area WorkFlow (WAWF), as required by DFARS 252.232-7003, Electronic Submission of Payment Requests, to electronically submit advance shipment notice(s) with the RFID tag IDs (specified in paragraph (d) of this clause) in advance of the shipment in accordance with the procedures at <https://wawf.eb.mil/>

SECTION E

E11C01 52.211-9022 SUPERCEDED PART-NUMBERED ITEMS (NOV 2011) DLAD

a) Part number (P/N) changes. Part number changes are acceptable only when the offeror completes the following verification:

The offeror represents that the P/N requested in the solicitation has been changed from

Commercial and Govt Entity (CAGE) (Vendor Fill-in),

P/N (Vendor Fill-in), to

P/N (Vendor Fill-in) and that this is a part number change only. The reason for the change is

(Vendor Fill-in).

E11C02 52.211-9023 SUBSTITUTION OF ITEM AFTER AWARD (NOV 2011) DLAD

E46A02 52.246-2 INSPECTION OF SUPPLIES--FIXED-PRICE (AUG 1996) FAR

E46A17 52.246-15 CERTIFICATE OF CONFORMANCE (APR 1984) FAR

E46B01 252.246-7000 MATERIAL INSPECTION AND RECEIVING REPORT (MAR 2008) DFARS

E46C06 52.246-9008 INSPECTION AND ACCEPTANCE AT ORIGIN (NOV 2011) DLAD

(c) The Offeror shall indicate below the location where supplies will be inspected:

Supplies:

Plant:
HYDRO-AIRE INC

(e) For CLIN(S) described by manufacturer's name/code and part number:

(1) Contractor must present evidence of performance of all quality assurance requirements specified in the contract and ensure that item will serve its intended purpose by performing examinations and tests to determine (A) completeness of item, (B) absence of rust, contamination, or deterioration, (C) correct identification, (D) absence of any damage, and (E) compliance with preparation for delivery. If the contractor is not the manufacturer of the supplies, evidence must be furnished to establish that the supplies were produced by the manufacturer.

(2) The word 'manufacturer' means the actual manufacturer of each CLIN. The Government's Quality Assurance Representative may require that evidence be furnished establishing the name and address of the plant that manufactures each CLIN to ensure that a domestic product is being supplied.

(f) For CLIN(S) designated as Former Government Surplus (whether described by manufacturer's name/code and part number, or by Military or Federal specification or drawing), the original package markings of each item shall be verified to previous Government contract number and part number (as specified in Defense Logistics Acquisition Directive (DLAD) 52.211-9000, Section I of the award). Any deviation from this number shall be cause for rejection of the item.

(g) Additional inspection requirements may be required, based on the evaluation of the surplus offer, by the procuring activity. Such additional requirements, if necessary, will be identified before the award.

E46C38	52.246-9065 PROTECTION FROM DEGRADATION DUE TO ELECTROSTATIC/ELECTROMAGNETIC FORCES (NOV 2011) DLAD	International Traffic in Arms Regulations (ITAR) (22 CFR parts 120-130). The term includes: (1) Defense items, defined in the Arms Export Control Act, 22 U.S.C. 2778(j)(4)(A), as defense articles, defense services, and related technical data, and further defined in the ITAR, 22 CFR part 120. (2) Items, defined in the EAR as 'commodities, software, and technology,' terms that are also defined in the EAR, 15 CFR 772.1. (b) The Contractor shall comply with all applicable laws and regulations regarding export-controlled items, including, but not limited to, the requirement for Contractors to register with the Department of State in accordance with the ITAR. The Contractor shall consult with the Department of State regarding any questions relating to compliance with the ITAR and shall consult with the Department of Commerce regarding any questions relating to compliance with the EAR. (c) The Contractor's responsibility to comply with all applicable laws and regulations regarding export-controlled items exists independent of, and is not established or limited by, the information provided by this clause. (d) Nothing in the terms of this contract adds to, changes, supersedes, or waives any of the requirements of applicable Federal laws, Executive orders, and regulations, including but not limited to-- (1) The Export Administration Act of 1979, as amended (50 U.S.C. App. 2401, et seq.); (2) The Arms Export Control Act (22 U.S.C. 2751, et seq.); (3) The International Emergency Economic Powers Act (50 U.S.C. 1701, et seq.); (4) The Export Administration Regulations (15 CFR parts 730-774); (5) The International Traffic in Arms Regulations (22 CFR parts 120-130); and (6) Executive Order 13222, as extended. (e) The Contractor shall include the substance of this clause, including this paragraph (e), in all subcontracts.

(a) Defense Contract Administration Agency (DCMA) Administered Orders: Contact the Transportation Officer at the administering DCMA location. (b) Defense Logistics Agency (DLA) Administered orders: Contact the DLA Transportation office for shipping instructions by facsimile to 717-770-2701 or via email to delivery(at)dla.mil. A return fax number must be included with your faxed request. The DLA Distribution's hours of operation are Monday through Friday, 7:00 a.m. to 11:00 p.m. and Saturday from 8:00 a.m. to 4:30 p.m. excluding holidays. For urgent requirements and questions, you may call the DLA Distribution at 1-800-456-5507. DLA's Distribution Planning and Management System (DPMS) may be used to obtain transportation instructions in lieu of contacting the transportation office.			
F47C15	52.247-9035 SHIPPING INSTRUCTIONS (DOMESTIC) (NOV 2011) DLAD	I04B08 52.204-99 SYSTEM FOR AWARD MANAGEMENT REGISTRATION (AUG 2012) (DEVIATION)	
F47C18	52.247-9038 SHIPPING INSTRUCTIONS FOR DEFENSE LOGISTICS AGENCY (DLA) DIRECT ACQUISITIONS (NOV 2011) DLAD	(a) Definitions. As used in this clause- 'Central Contractor Registration (CCR) database' means the retired primary Government repository for Contractor information required for the conduct of business with the Government. 'Commercial and Government Entity (CAGE) code' means- (1) A code assigned by the Defense Logistics Agency (DLA) Logistics Information Service to identify a commercial or Government entity; or (2) A code assigned by a member of the North Atlantic Treaty Organization that DLA records and maintains in the CAGE master file. This type of code is known as an 'NCAGE code.' 'Data Universal Numbering System (DUNS) number' means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities. 'Data Universal Numbering System+4 (DUNS+4) number' means the DUNS number means the number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at Subpart 32.11) for the same concern. 'Registered in the SAM database' means that- (1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the SAM database; (2) The Contractor's CAGE code is in the SAM database; and (3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS), and has marked the record 'Active'. The Contractor will be required to provide consent for TIN validation to the Government as a part of the SAM registration process. 'System for Award Management (SAM)' means the primary Government repository for prospective federal awardee information and the centralized Government system for certain contracting, grants, and other assistance related processes. It includes- (1) Data collected from prospective federal awardees required for the conduct of business with the Government; (2) Prospective contractor submitted annual representations and certifications in accordance with FAR Subpart 4.12; and (3) The list of all parties suspended, proposed for debarment, debarred, declared ineligible, or excluded or disqualified under the nonprocurement common rule by agencies, Government corporations, or by the Government Accountability Office.	
Freight shipping addresses and scheduling instructions, if applicable, are available at Defense Logistics Acquisition Directive (DLAD) Procedures, Guidance and Instruction (PGI) 47.305-10. Contractors will need to schedule a delivery appointment prior to arriving at the depot.

9 11

(b)(1) The Contractor shall be registered in the SAM database prior to submitting an invoice and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The SAM registration shall be for the same name and address identified on the contract, with its associated CAGE code and DUNS or DUNS+4.

(3) If indicated by the Government during performance, registration in an alternate system may be required in lieu of SAM.

(c) If the Contractor does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) A contractor may obtain a DUNS number-

(i) Via the internet at <http://fedgov.dnb.com/webform> or if the contractor does not have internet access, it may call Dun and Bradstreet at 1-866-705-5711 if located within the United States; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office. The contractor should indicate that it is a contractor for a U.S. Government contract when contacting the local Dun and Bradstreet office.

(2) The Contractor should be prepared to provide the following information:

(i) Company legal business name.

(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(iii) Company physical street address, city, state and Zip Code.

(iv) Company mailing address, city, state and Zip Code (if separate from physical).

(v) Company telephone number.

(vi) Date the company was started.

(vii) Number of employees at your location.

(viii) Chief executive officer/key manager.

(ix) Line of business (industry).

(x) Company Headquarters name and address (reporting relationship within your entity). (d) Reserved.

(e) Processing time for registration in SAM, which normally takes five business days, should be taken into consideration when registering. Contractors who are not already registered should consider applying for registration at least two weeks prior to invoicing.

(f) The Contractor is responsible for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(g)(1)(i) If a Contractor has legally changed its business name, 'doing business as' name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer sufficient documentation to support the legally changed name with a minimum of one business day's written notification of its intention to-

(A) Change the name in the SAM database;

(B) Comply with the requirements of subpart 42.12 of the FAR;

(C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer.

(ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the 'Suspension of Payment' paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the 'Suspension of payment' paragraph of the EFT clause of this contract.

(h) Contractors may obtain information on registration and annual confirmation requirements via the SAM accessed through <https://www.acquisition.gov> or by calling 866-606-8220, or 334-206-7828 for international calls.

This clause implements the temporary policy provided by OMB Policy Memorandum M-12-16, Providing Prompt Payment to Small Business Subcontractors, dated July 11, 2012.

(a) Upon receipt of accelerated payments from the Government, the contractor is required to make accelerated payments to small business subcontractors to the maximum extent practicable after receipt of a proper invoice and all proper documentation from the small business subcontractor.

(b) Include the substance of this clause, including this paragraph (b), in all subcontracts with small business concerns.

(c) The acceleration of payments under this clause does not provide any new rights under the Prompt Payment Act.

I32C04 52.232-9010 ACCELERATED PAYMENTS TO SMALL BUSINESS (JUN 2012) DLAD

In order to implement Department of Defense policy providing for accelerated payments to small businesses, the Government may issue awards that reflect payment terms of net 30 days, regardless of the payment terms offered by the vendor. This is required so that the Government can make accelerated payment to small businesses, which it intends to do in accordance with Defense Federal Acquisition Regulation Supplement (DFARS) 232.906(a)(ii), on contracts or orders for which fast pay procedures do not apply as soon as practicable following receipt of a proper invoice and completion of receipt and acceptance documentation, as required for payment by Federal Acquisition Regulation (FAR) 32.905. The Government's intent to make accelerated payment does not alter the rules for imposition of prompt payment interest as set out in the contract or order and FAR Subpart 32.9.

I46C05 52.246-9054 WARRANTY - ACCEPTANCE OF SUPPLIES (NOV 2011) DLAD

I47A07 52.247-68 REPORT OF SHIPMENT (RESHIP) (FEB 2006) FAR

I48D01 NOTE 52.248-9C01 CONFIGURATION CONTROL - ENGINEERING CHANGES, DEVIATIONS AND WAIVERS (OCT 2000) DSCC

a. DEFINITIONS:

- (1) Engineering change. A change to the current approved configuration documentation of a configuration item at any point in the life cycle of the item.
- (2) Engineering change proposal (ECP). A proposed engineering change and the documentation by which the change is described, justified, and submitted to the Government for approval or disapproval.
- (3) Deviation. A specific written authorization, granted prior to the manufacture of an item, to depart from a particular requirement(s) of an item's current approved configuration documentation for a specific number of units or a specified period of time. (A deviation differs from an engineering change in that an approved engineering change requires corresponding revision of the item's current

approved configuration documentation, whereas a deviation does not.)

(4) Waiver. A written authorization to accept an item, which during manufacture, or after having been submitted for Government inspection or acceptance, is found to depart from specified requirements, but nevertheless is considered suitable for use 'as is' or after repair by an approved method.

b. Contractor Responsibility. ECPs should be used to make permanent changes in the Government Technical Data Package (TDP). Contractual relief should be requested using a Request for Deviation or Waiver. This is because the Government requires more time to analyze any proposal to permanently change the specifications or TDP. Cost saving improvements to the TDP should be submitted as a Value Engineering Change Proposal (VECP).

NOTE: MIL-STD-973* allows ninety days to process routine ECPs. If the contractor needs a response in less than ninety days to meet contract requirements, the contractor should consider submitting a waiver or deviation along with the ECP.

Processing Emergency and Urgent ECPs. Ordinarily, ECPs submitted by the contractor will be deemed routine. If an ECP is considered to be an emergency or urgent (as defined in MIL-STD-973), immediately notify the PCO. ECPs will be reviewed for a determination on criticality, and, if determined to be urgent or critical, the appropriate processing time-frame in paragraph 5.4.2.3.1.1 of MIL-STD-973 will be followed or the contractor will be notified otherwise. When submitting an ECP or Request for Deviation/Request for Waiver (RFD/RFW), the contractor must follow the instructions in MIL-STD-973 (as tailored in the following paragraphs).

(1) Engineering Change Proposals--Required Content.

(a) Follow the short form procedure in MIL-STD-973.

1. paragraphs 5.4.8 through 5.4.8.2.1;

2. paragraphs 5.4.8.2.3 through 5.4.8.2.7; and

3. Appendix D instructions.

(b) Include:

1. Requirements for notices of revision (NOR). (Instructions for NORs are in MIL-STD-973, paragraph 5.4.7 and Appendix G.)

2. Copies of drawings that have clearly been marked to identify the proposed change.

3. Any other documentation that will help in reviewing the proposed change.

(2) Request for Deviation/Request for Waiver - Required Content.

(a) Follow the short form procedure in MIL-STD-973.

For RFD(s) -- paragraphs 5.4.8.3 through 5.4.8.3.4; Appendix E instructions.

For RFW(s) -- paragraphs 5.4.8.4 through 5.4.8.4.4; Appendix E instructions.

(b) Include marked drawings and any other documentation that will be required to review the proposed RFD/RFW.

(c) Identify the number of parts affected in block 17 of DD Form 1694.

c. Submittal Procedures

(1) Engineering Change Proposals (ECP), Deviations and Waivers initiated by the contractor must be prepared and submitted in 7 copies with supporting data as required by b.(1) above to the ACO, with an information copy to the PCO.

WARNING: If you do not submit complete, legible packages, ECPs may be returned without processing.

(2) Value Engineering Change Proposals (VECPs) must comply with the requirements of the Value Engineering Incentive clause of the contract and MIL-STD-973 and be submitted utilizing DD Form 1693 in 6 copies to the PCO with an information copy to the ACO, and an additional copy mailed direct to Defense Supply Center Columbus, P.O. Box 3990, Columbus, Ohio 43216-5000, ATTN: DSCC-VE.

d. Contracting Agency responsibilities.

(1) ACO Responsibility. Within ten working days from the date of receipt of contractor's request, the ACO must submit an original and two complete legible copies of the contractor's request to the applicable technical support office.

(2) ECPs will be reviewed and decided upon within the ninety day time frame established by MIL-STD-973. Notification of decision will be done in accordance with paragraphs 5.4.8.2.6 and 5.4.8.2.7 of MIL-STD-973.

(3) RFDs/RFWs will be reviewed per MIL-STD-973 and decisions made within 75 days from the date of receipt from the ACO.

e. Reminder - Only the PCO can change the Contract. NO OTHER GOVERNMENT REPRESENTATIVE is authorized to make a commitment for, or bind the Government.

f. Questions about the status of change requests already submitted should be directed to the procuring activity.

g. The period of time for evaluation and approval/disapproval of ECPs (90 days) and Deviation/Waiver (75 days) shall not

CONTINUATION SHEET	Order Number: SPM7M5-13-M-2938	PAGE 11	OF 11	PAGES
<p>constitute excusable delay in the performance of this contract by the contractor or in any way relieve the contractor from compliance with the contract delivery schedule. The submission of ECPS or deviation/waiver requests by the contractor shall not preclude the Government from exercising its rights under the default clause or any other provision of the contract. Further, any such submission shall not afford the contractor any basis for a delay claim or adjustment of the contract delivery schedule, provided the Government approves or disapproves the submission within a period of 90 days after receipt thereof by the contracting officer.</p> <p>*This standard has been cancelled effective September 30, 2000 (MIL-STD-973, Notice 4), but is still required for the procurement and control of this item.
