SECTION D															
D11B03 252.211-7006 PASSIVE RADIO FREQUENCY IDENTIFICATION (SEP 2011) DFARS															
(a) Definitions. As used in this clause- 'Advance shipment notice' means an electronic notification used to list the contents of a shipment of goods as well as additional information relating to the shipment, such as passive radio frequency identification (RFID) or item unique identification (IUID) information, order information, product description, physical characteristics, type of packaging, marking, carrier information, and configuration of goods within the transportation equipment. 'Bulk commodities' means the following commodities, when shipped in rail tank cars, tanker trucks, trailers, other bulk wheeled conveyances, or pipelines: (1) Sand. (2) Gravel. (3) Bulk liquids (water, chemicals, or petroleum products). (4) Ready-mix concrete or similar construction materials. (5) Coal or combustibles such as firewood. (6) Agricultural products such as seeds, grains, or animal feed. 'Case' means either a MIL-STD-129 defined exterior container within a palletized unit load or a MIL-STD-129 defined individual shipping container. 'Electronic Product Code: (EPC)' means an identification scheme for universally identifying physical objects via RFID tags and other means. The standardized EPC data consists of an EPC (or EPC identifier) that uniquely identifies an individual object, as well as an optional filter value when judged to be necessary to enable effective and efficient reading of the EPC tags. In addition to this standardized data, certain classes of EPC tags will allow user-defined data. The EPC tag data standards will define the length and position of this data, without defining its content. 'EPCglobal:' means a subscriber-driven organization comprised of industry leaders and organizations focused on creating global standards for the adoption of passive RFID technology. 'Exterior container' means a MIL-STD-129 defined container, bundle, or assembly that is sufficient by reason of material, design, and construction to protect unit packs and intermediate containers and their contents during shipment and storage. It can be a unit pack or a container with a combination of unit packs or intermediate containers. An exterior container may or may not be used as a shipping container. 'Palletized unit load' means a MIL-STD-129 defined quantity of items, packed or unpacked, arranged on a pallet in a specified manner and secured, strapped, or fastened on the pallet so that the whole palletized load is handled as a single unit. A palletized or skidded load is not considered to be a shipping container. A loaded 463L System pallet is not considered to be a palletized unit load. Refer to the Defense Transportation Regulation, DoD 4500.9-R, Part II, Chapter 203, for marking of 463L System pallets. 'Passive RFID tag' means a tag that reflects energy from the reader/interrogator or that receives and temporarily stores a small amount of energy from the reader/interrogator signal in order to generate the tag response. The only acceptable tags are EPC Class 1 passive RFID tags that meet the EPCglobal Class 1 Generation 2 standard. 'Radio frequency identification (RFID)' means an automatic identification and data capture technology comprising one or more reader/interrogators and one or more radio frequency transponders in which data transfer is achieved by means of suitably modulated inductive or radiating electromagnetic carriers. 'Shipping container' means a MIL-STD-129 defined exterior container that meets carrier regulations and is of sufficient strength, by reason of material, design, and construction, to be shipped safely without further packing (e.g., wooden boxes or crates, fiber and metal drums, and corrugated and solid fiberboard boxes). (b)(1) Except as provided in paragraph (b)(2) of this clause, the Contractor shall affix passive RFID tags, at the case- and palletized-unit-load packaging levels, for shipments of items that- (i) Are in any of the following classes of supply, as defined in DoD 4140.1-R, DoD Supply Chain Materiel Management Regulation, AP1.1.11: (A) Subclass of Class I - Packaged operational rations. (B) Class II - Clothing, individual equipment, tentage, organizational tool kits, hand tools, and administrative and housekeeping supplies and equipment. (C) Class III - Packaged petroleum, lubricants, oils, preservatives, chemicals, and additives. (D) Class IV - Construction and barrier materials. (E) Class VI - Personal demand items (non-military sales items). (F) Subclass of Class VIII - Medical materials (excluding pharmaceuticals, biologicals, and reagents - suppliers should limit the mixing of excluded and non-excluded materials). (G) Class IX - Repair parts and components including kits, assemblies and subassemblies, repairable and consumable items required for maintenance support of all equipment, excluding medical-peculiar repair parts; and (ii) Are being shipped to one of the locations listed at http://www.acq.osd.mil/log/rfid/ or to - (B) The following location(s) deemed necessary by the requiring activity:															
<table border="0"> <tr> <td>Contract Line, Subline, or Exhibit Line</td> <td>Location</td> <td>City</td> <td>State</td> <td>DoDACC</td> </tr> <tr> <td>Item Number</td> <td>Name</td> <td></td> <td></td> <td></td> </tr> </table>						Contract Line, Subline, or Exhibit Line	Location	City	State	DoDACC	Item Number	Name			
Contract Line, Subline, or Exhibit Line	Location	City	State	DoDACC											
Item Number	Name														
(2) The following are excluded from the requirements of paragraph (b)(1) of this clause: (i) Shipments of bulk commodities. (ii) Shipments to locations other than Defense Distribution Depots when the contract includes the clause at FAR 52.213-1, Fast Payment Procedures. (c) The Contractor shall- (1) Ensure that the data encoded on each passive RFID tag are globally unique (i.e., the tag ID is never repeated across two or more RFID tags and conforms to the requirements in paragraph (d) of this clause; (2) Use passive tags that are readable; and (3) Ensure that the passive tag is affixed at the appropriate location on the specific level of packaging, in accordance with MIL-STD-129 (Section 4.9.2) tag placement specifications. (d) Data syntax and standards. The Contractor shall encode an approved RFID tag using the instructions provided in the EPC: Tag Data Standards in effect at the time of contract award. The EPC: Tag Data Standards are available at http://www.epcglobalinc.org/standards/. (1) If the Contractor is an EPCglobal: subscriber and possesses a unique EPC: company prefix, the Contractor may use any of the identifiers and encoding instructions described in the most recent EPC: Tag Data Standards document to encode tags. (2) If the Contractor chooses to employ the DoD identifier Type, the Contractor shall use its previously assigned Commercial and Government Entity (CAGE) Code and shall encode the tags in accordance with the tag identity type details located at http://www.acq.osd.mil/log/rfid/tag_data.htm. If the Contractor uses a third party packaging house to encode its tags, the CAGE code of the third-party packaging house is acceptable. (3) Regardless of the selected encoding scheme, the Contractor with which the Department holds the contract is responsible for ensuring that the tag ID encoded on each passive RFIS tag is globally unique, per the requirements in paragraph (c)(1). (e) Advance shipment notice. The Contractor shall use Wide Area WorkFlow (WAWF), as required by DFARS 252.232-7003, Electronic Submission of Payment Requests, to electronically submit advance shipment notice(s) with the RFID tag IDs (specified in paragraph (d) of this clause) in advance of the shipment in accordance with the procedures at https://wawf.eb.mil/

requirements for palletization can be found at : http://www.dscc.dla.mil/Offices/Packaging/palletization_WPMnotice.asp D47C01 52.247-9012 REQUIREMENTS FOR TREATMENT OF WOOD PACKAGING MATERIAL (WPM) (FEB 2007) DLAD (a) THIS CLAUSE ONLY APPLIES WHEN WOOD PACKAGING MATERIAL (WPM) WILL BE USED TO MAKE SHIPMENTS UNDER THIS CONTRACT AND/OR WHEN WPM IS BEING ACQUIRED UNDER THIS CONTRACT. (b) Definition. Wood packaging material (WPM) means wood pallets, skids, load boards, pallet collars, wooden boxes, reels, dunnage, crates, frame and cleats. The definition excludes materials that have undergone a manufacturing process, such as corrugated fiberboard, plywood, particleboard, veneer, and oriented strand board (OSD). (c) All Wood Packaging Material (WPM) used to make shipments under DOD contracts and/or acquired by DOD must meet requirements of International Standards for Phytosanitary Measures (ISPM) 15, 'Guidelines for Regulating Wood Packaging Materials in International Trade.' DOD shipments inside and outside of the United States must meet ISPM 15 whenever WPM is used to ship DOD cargo. (1) All WPM shall comply with the official quality control program for heat treatment (HT) or kiln dried heat treatment (KD HT) in accordance with American Lumber Standard Committee, Incorporated (ALSC) Wood Packaging Material Program and WPM Enforcement Regulations (see http://www.alsc.org/). (2) All WPM shall include certification/quality markings in accordance with the ALSC standard. Markings shall be placed in an unobstructed area that will be readily visible to inspectors. Pallet markings shall be applied to the stringer or block on diagonally opposite sides of the pallet and be contrasting and clearly visible. All containers shall be marked on a side other than the top or bottom, contrasting and clearly visible. All dunnage used in configuring and/or securing the load shall also comply with ISPM 15 and be marked with an ASLC approved DUNNAGE stamp. (d) Failure to comply with the requirements of this restriction may result in refusal, destruction, or treatment of materials at the point of entry. The Agency reserves the right to recoup from the Contractor any remediation costs incurred by the Government. SECTION E E11C01 52.211-9022 SUPERCEDED PART-NUMBERED ITEMS (AUG 2007) DLAD a) Part number (P/N) changes. Part number changes are acceptable only when the offeror completes the following verification: The offeror represents that the P/N requested in the solicitation has been changed from CAGE (Vendor Fill-in), P/N (Vendor Fill-in), to P/N (Vendor Fill-in) and that this is a part number change only. The reason for the change is (Vendor Fill-in). **** E11C02 52.211-9023 SUBSTITUTION OF ITEM AFTER AWARD (AUG 2007) DLAD E46A02 52.246-2 INSPECTION OF SUPPLIES--FIXED-PRICE (AUG 1996) FAR E46B01 252.246-7000 MATERIAL INSPECTION AND RECEIVING REPORT (MAR 2008) DFARS E46C06 52.246-9008 INSPECTION AND ACCEPTANCE AT ORIGIN (AUG 2007) DLAD ***		(c) The Offeror shall indicate below the location where supplies will be inspected: Supplies: Plant: ELDEC CORPORATION (Vendor Fill-in) Cage Code: 08748 (Vendor fill-in) Street: 16700 13TH AVE. WEST (Vendor Fill-in) City/St/Zip: LYNNWOOD, WA 98036 (Vendor Fill-in) Applicable to clin(s): ALL (Vendor Fill-in) (d) The Offeror shall indicate below the location where packaging will be inspected: Packaging:() Same as for supplies (Vendor Fill-in) or, Plant: INDUSTRIAL CRATING & PACKING INC. (Vendor Fill-in) Cage Code: 8B571 (Vendor Fill-in) Street 15450 NELSON PL. (Vendor Fill-in) City/St/Zip: TUKWILA, WA 98188-5504 (Vendor Fill-in) Applicable to clin(s): ALL (Vendor Fill-in) (e) For CLIN(S) described by manufacturer's name/code and part number: (1) Contractor must present evidence of performance of all quality assurance requirements specified in the contract and ensure that item will serve its intended purpose by performing examinations and tests to determine (A) completeness of item, (B) absence of rust, contamination, or deterioration, (C) correct identification, (D) absence of any damage, and (E) compliance with preparation for delivery. If the contractor is not the manufacturer of the supplies, evidence must be furnished to establish that the supplies were produced by the manufacturer. (2) The word 'manufacturer' means the actual manufacturer of each CLIN. The Government's Quality Assurance Representative may require that evidence be furnished establishing the name and address of the plant that manufactures each CLIN to ensure that a domestic product is being supplied. (f) For CLIN(S) designated as Former Government Surplus (whether described by manufacturer's name/code and part number, or by Military or Federal specification or drawing), the original package markings of each item shall be verified to previous Government contract number and part number (as specified in DLAD 52.211-9000, Section I of the award). Any deviation from this number shall be cause for rejection of the item. (g) Additional inspection requirements may be required, based on the evaluation of the surplus offer, by the procuring activity. Such additional requirements, if necessary, will be identified before the award.

Contractors will need to schedule a delivery appointment prior to arriving at the depot. F47D06 ADDENDUM TO FAR 52.247-29, F.O.B. ORIGIN (X) Same as Offeror () Other (City and State): (Vendor fill-in)	I04A05 52.204-7 CENTRAL CONTRACT REGISTRATION (APR 2008) FAR I04B03 252.204-7003 CONTROL OF GOVERNMENT PERSONNEL WORK PRODUCT (APR 1992) DFARS I04B04 252.204-7004 ALTERNATE A, CENTRAL CONTRACTOR REGISTRATION (SEP 2007) DFARS I04B06 252.204-7008 EXPORT-CONTROLLED ITEMS (APR 2010) DFARS (a) Definition. Export-controlled items, as used in this clause, means items subject to the Export Administration Regulations (EAR) (15 CFR parts 730-774) or the International Traffic in Arms Regulations (ITAR) (22 CFR parts 120-130). The term includes: (1) Defense items, defined in the Arms Export Control Act, 22 U.S.C. 2778(j)(4)(A), as defense articles, defense services, and related technical data, and further defined in the ITAR, 22 CFR part 120. (2) Items, defined in the EAR as "commodities, software, and technology," terms that are also defined in the EAR, 15 CFR 772.1. (b) The Contractor shall comply with all applicable laws and regulations regarding export-controlled items, including, but not limited to, the requirement for Contractors to register with the Department of State in accordance with the ITAR. The Contractor shall consult with the Department of State regarding any questions relating to compliance with the ITAR and shall consult with the Department of Commerce regarding any questions relating to compliance with the EAR. (c) The Contractor's responsibility to comply with all applicable laws and regulations regarding export-controlled items exists independent of, and is not established or limited by, the information provided by this clause. (d) Nothing in the terms of this contract adds to, changes, supersedes, or waives any of the requirements of applicable Federal laws, Executive orders, and regulations, including but not limited to-- (1) The Export Administration Act of 1979, as amended (50 U.S.C. App. 2401, et seq.); (2) The Arms Export Control Act (22 U.S.C. 2751, et seq.); (3) The International Emergency Economic Powers Act(50 U.S.C. 1701, et seq.); (4) The Export Administration Regulations (15 CFR parts 730-774); (5) The International Traffic in Arms Regulations (22 CFR parts 120-130); and (6) Executive Order 13222, as extended. (e) The Contractor shall include the substance of this clause, including this paragraph (e), in all subcontracts.
